INTRODUCTION

ISIS Seichim

Seichim (say sheem) comes from the Egyptian word SekHem which translated into English means 'Power of Powers'.

Seichim is ancient and sacred. It is an advanced form of hands on healing having sounds and symbols and it is said Seichim is the parent energy of all hands on healing systems.

It is believed that Seichim originates from Atlantean times. However, in a more traceable form it can be shown that Seichim was practised by the Mayhan civilisation in South America before being introduced to Egypt.

Although ancient in its essence, in modern times Seichim can be regarded as new and exciting. Seichim is much more than simply a hands on healing technique. Seichim is an advanced form of telepathically directed "healing " and leads to a greater unfoldment and understanding of your spiritual self.

ISIS SEICHIM SYMBOLS

ISIS Seichim Manual

The symbol set that is known as ISIS Seichim includes variations on the Reiki symbols, some of the Tera Mai symbols plus more.

The Symbols

- Can be drawn with both hands into the aura of the client.
- Can be visualised.
- Some symbols include the Infinity and spiral. These can be drawn to the power of 3, 7 or 9.

Ancient Egyptian Magic states that to say the name of a god or goddess or symbol 3 times has the following correlations:

- | | |
|---|---------------------------------|
| 1 | awakens the conscious level |
| 2 | awakens the sub-conscious level |
| 3 | awakens the soul level |

ISIS Seichim is thought to work in a similar way with the 3, 7 and 9

- | | |
|---|----------------------------|
| 3 | brings in the energy |
| 7 | deeper energy link |
| 9 | total spiritual connection |

I believe the Egyptian 1,2,3 is connected to the Seichim 3,7,9

WORKING WITH A CLIENT

Make client aware that although you are only the channel, they have the responsibility for their own healing.

The ISIS Seichim symbols using Spirals and Infinities to the power of 3,7,9 can be particularly powerful for some people. Always start with a symbol to the power of 3 and watch for signs of release before moving to a 7 or 9 symbol. Sighing, deep breathing, gentle twitching, tummy gurgles, eye movement etc are all signs of release. You need to be aware of how the client is handling the energy and remember not to push them too far.

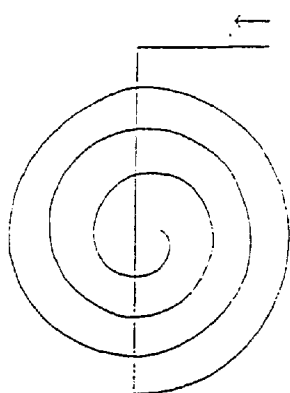

Signs of distress, violent twitching, rapid breathing, eyes twitching continuously, restlessness, etc. If signs of distress continue, stop the healing process and just hold

a safe space for them energetically until they feel safe again. Ask questions and take your hands to areas they indicate pain or discomfort.

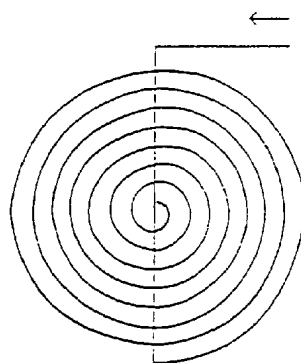

In-between healing sessions you can place the symbols in the cosmic healing bank so that the client can then access their own healing when required.

CHO KU REI

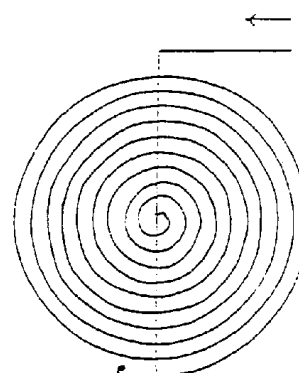

MAGNIFIER

3 x 3

3 x 7

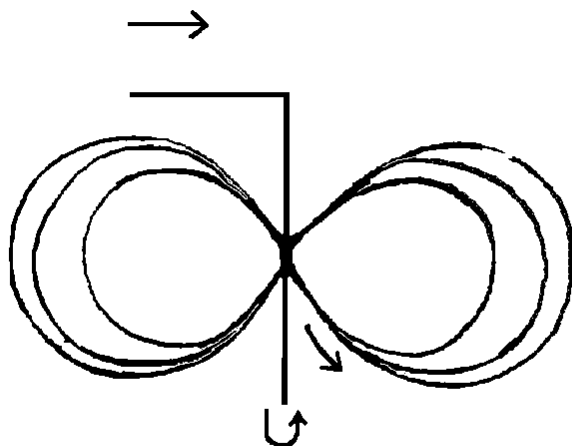

3 x 9

This is the symbol that turns on and magnifies the force. It is always an anti-clockwise motion. This symbol through its activation, empowers and magnifies all the other symbols, activating the property of making things whole. The Cho Ku Rei concentrates Reiki in one focused spot by calling in all the energy of the Universe.

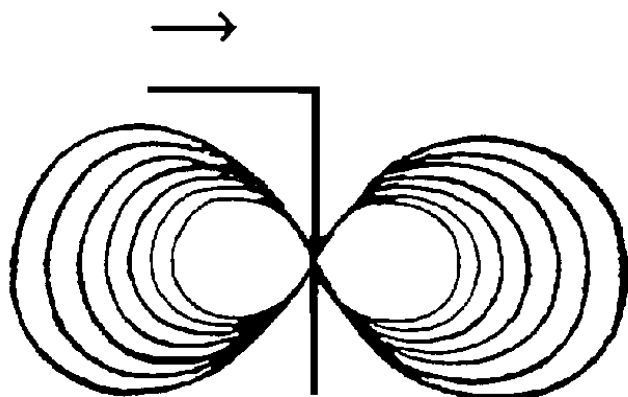

When working with symbols to the power of 3, 7 and 9, always start with the 3x and gently move up to higher levels. Never go straight to a 9x symbol if it is the first time you have worked with a client.

TA KU REI

ENHANCER AND INTENSIFIER

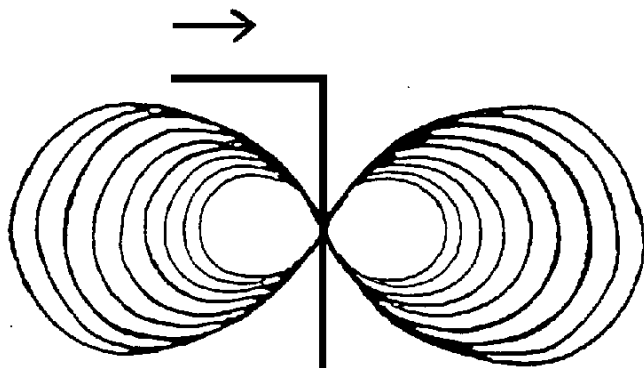

The figure eight symbol of infinity expands outwards to the infinite and finishes at the heart Chakra. The infinity symbol is the symbol that Patrick Zeigler connected with in the Great Pyramid, and is the basis of the Seichim energy. Infinity is an ancient healing symbol.

Use the Ta Ku Rei as you would the Cho Ku Rei. Clients will respond to one more strongly than the other.

This symbol is great to enhance or empower other symbols and can be used for clearing a room.

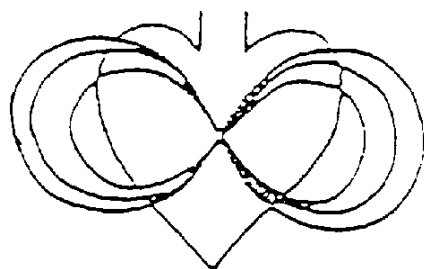

Draw over the client's body or crown at start of a treatment.

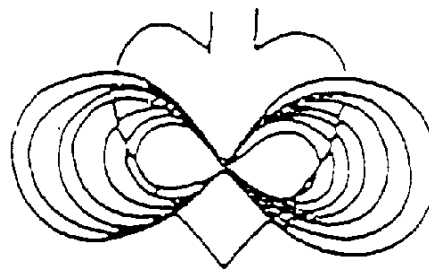

MAI YUR MA

(My Yura Ma)

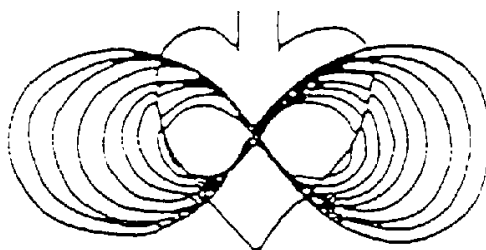

SHINING EVERLASTING FLOWER OF ENLIGHTMENT

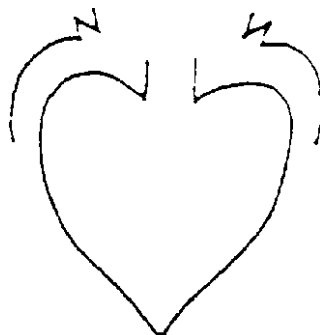

3 X 3

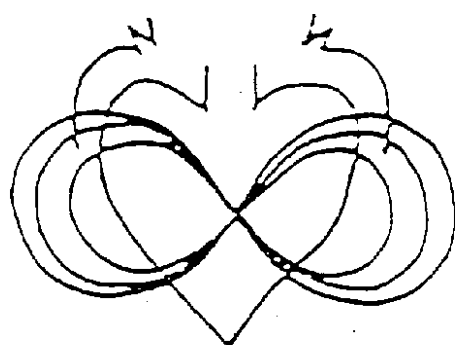

3 X 7

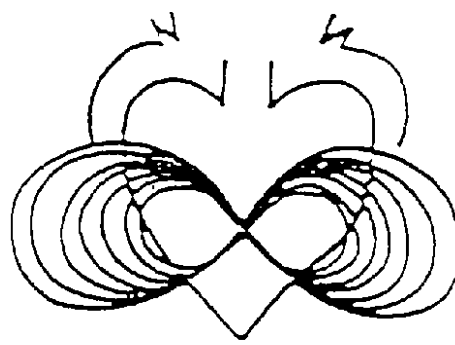

3 X 9

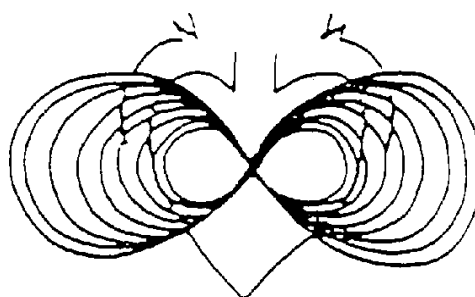

X 3

3 X 3

3 X 7

3 X 9

MAI YUR MA is the gateway to the soul via the heart Chakra. It enhances, expands and magnifies the physical, emotional and spiritual aspects of unconditional love.

MAI YUR MA can be used in combination with all other symbols and can be felt by thought, touch and deed.

It is wonderful for opening the heart Chakra and opening us up to unconditional love.

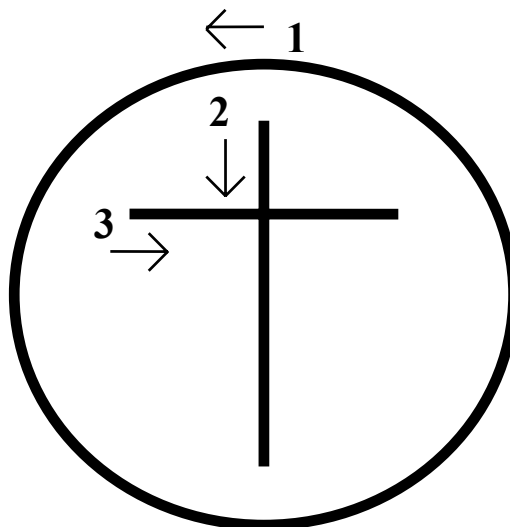

Releases grief and sadness and stress.

Draw over bath water before entering the bath.

THE SYMBOL OF DIVINITY

FORGIVENESS AND ATONEMENT

This symbol addresses physical afflictions or problems caused by mental and emotional stress.

Draw the circle anti-clockwise to the power of 3, 7 or 9, then draw the cross inside the circle and state

“Divinity, Divinity, Divinity - to the power of (3,7,9)”

It is essential when using the Divinity Symbol to access the recipients subconscious and to ask permission prior to using the release procedure. The subconscious may be accessed by using any combination of the following symbols:

MAI YUR MA
SEI HE KI
CHO KU REI
TA KU REI
HON SHA ZE SHO NEN
MAI YUR MA

It is necessary to begin and end with Mai Yur Ma. Ask if the forgiveness/ release procedure is appropriate at this time for your client. When you receive a ‘yes’ response, proceed by visualising or drawing the symbol and repeating the following affirmation either silently or out loud.

AFFIRMATION OF FORGIVENESS AND RELEASE

I don't know why you did _____ or said _____ or hurt me by _____ *
I don't know why you are the way you are
I accept that that is where you need to be now
And I forgive you and I forgive myself
I release all anger, bitterness and resentment, past or present.
And I release us both in love

* use whatever suits the situation.

Prior to the release procedure talk to your client about the words you will use and decide together what is appropriate. During the release say the statement out loud and ask your client to repeat after you. Allowing them to say the release makes it more powerful.

THE HEALING TRIANGLE

HEALING A SITUATION

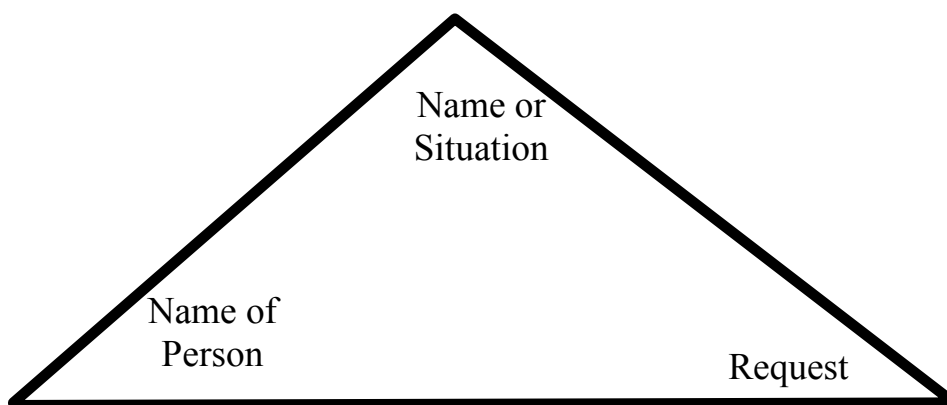

Used to create a better situation or to heal a problem at any level.

Create a triangle and write the appropriate information in the corners.

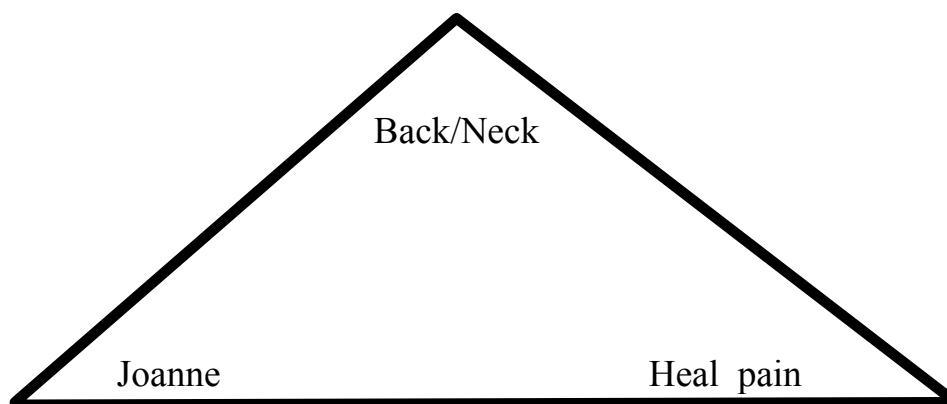

Place the CHO KU REI and or a Power Sandwich at each corner and over the entire triangle.

You may like to connect to your higher self or the higher self of your client using the Distant Healing symbol or the Merge Consciousness symbol, then ask which symbols are appropriate to empower the triangle.

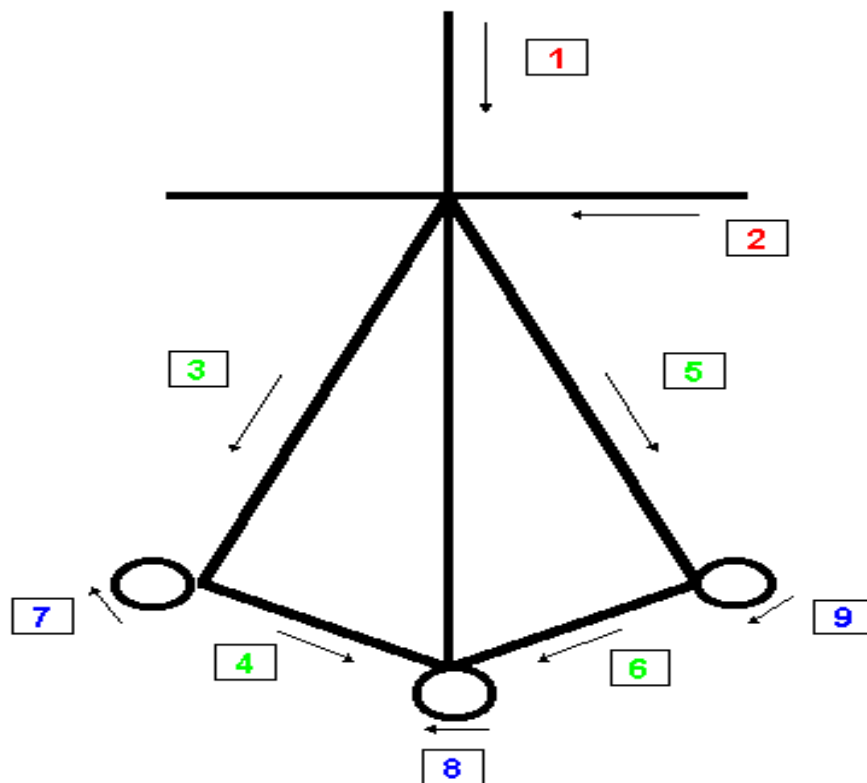

The absentee technique may then be used to empower the triangle.

IE:

HARTH

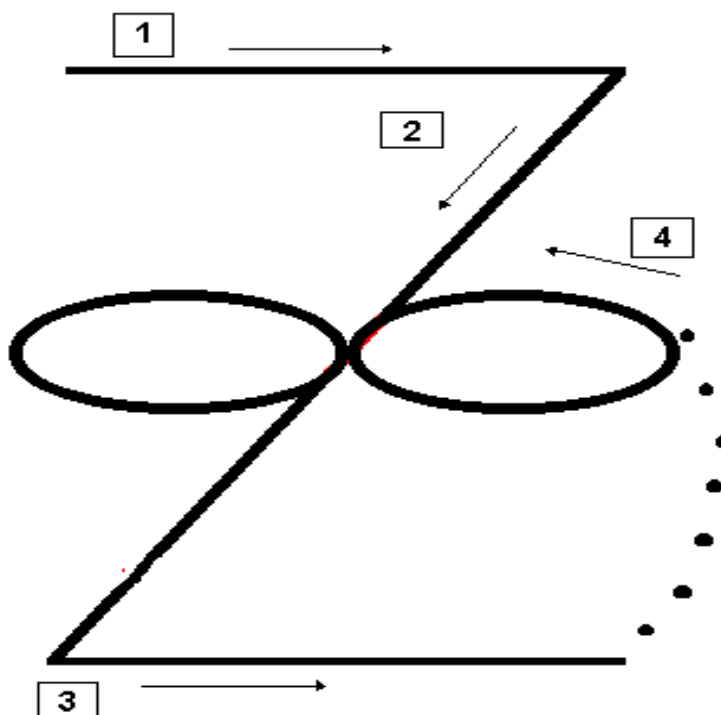

DRAW THE VERTICAL AND HORIZONTAL LINES (1 - 2) THEN THE PYRAMID (3 - 6) THEN DRAW THE 3 CIRCLES (7 - 9) SAYING "HARTH" FOR EACH

Harth stands for love, harmony, balance, truth, beauty and wholeness. *The circles can be drawn to the power of 3, 7 or 9. Also can be drawn clock-wise or anti-clockwise. Try for yourself and see which you prefer.*

Like a fire that burns in an open harth, Harth is a symbol that kindles and heals the heart. It helps to open the heart to acceptance of love and outward flow of compassion. The pyramid is the same scale as that of the Cheops pyramid. The clockwise circles help to ground the energies of heaven into the earth, or to manifest heaven on earth. This symbol can be energised with Cho Ku Ray's and used in meditation. Visualise yourself walking into the symbol and stay inside the pyramid during the meditation.

ZONAR

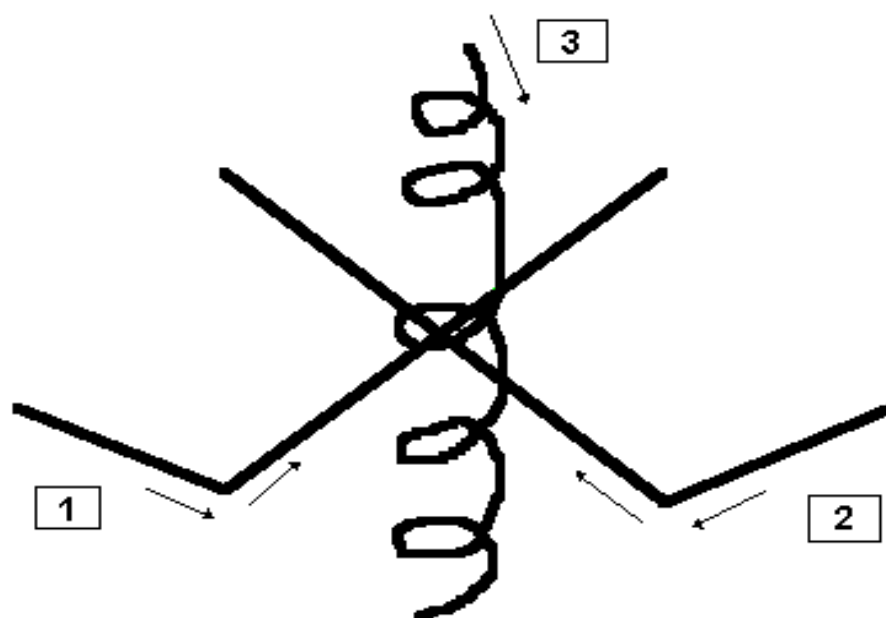

**DRAW "Z" (1 - 3) THEN DRAW INFINITY (4)
3 TIMES SAYING "ZONAR" EACH TIME**

Zonar works well with past life and karmic issues. It can release the memory of trauma held in the cells. Our cells carry the memory of trauma, both individual experiences and those of mass Consciousness. What we do to one another, we do to ourselves as this is a holographic universe and hence the same energy flows through each one of us.

Zonar is said to be used in many sacred societies and is linked to the energies of the great white brotherhood and Melchizeedek. Zonar can also be drawn with the infinity to the power of 3, 7 or 9.

MARA

DRAW THE LEFT ANGLED LINE (1) THEN THE
RIGHT ANGLED LINE (2) THEN DRAW THE LINE
WITH THE 5 SPIRALS AND SAY "MARA" 3
TIMES

Mara is a symbol for the earth, and it connects us to the earth and the electromagnetic energy within earth.

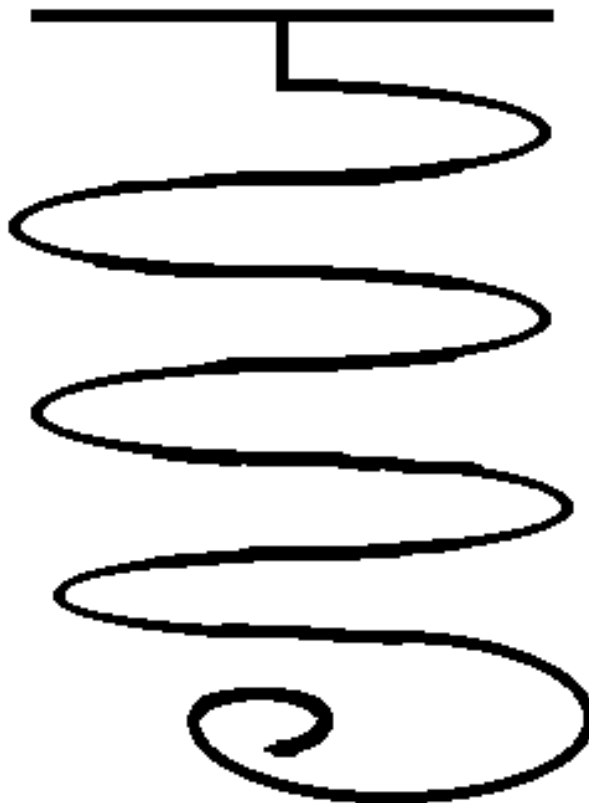

This symbol is for abundance and grounding. It can be sent to ones bank account, appointment calendar etc. It can be used with other symbols to help ground the energies. Particularly good for individuals who have no earth in their astrology charts.

FIRE DRAGON

The seven swirls of the fire dragon represent the seven major chakras.

The symbol works well in removing blockages from the chakras and is excellent for back pain and spinal injuries.

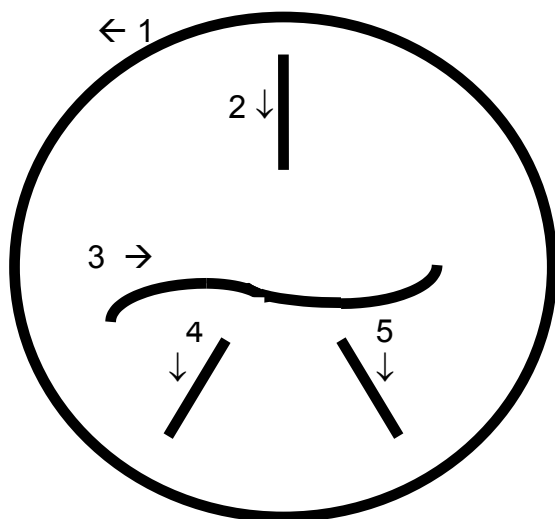

Draw the Fire Dragon from above the head down to the base Chakra and push the energy back up the spine. This raises the kundalini energy back up the spine.

TAM A RA SHA

One version of the Tam a ra sha is used for grounding, and the other is used to link with Spirit.

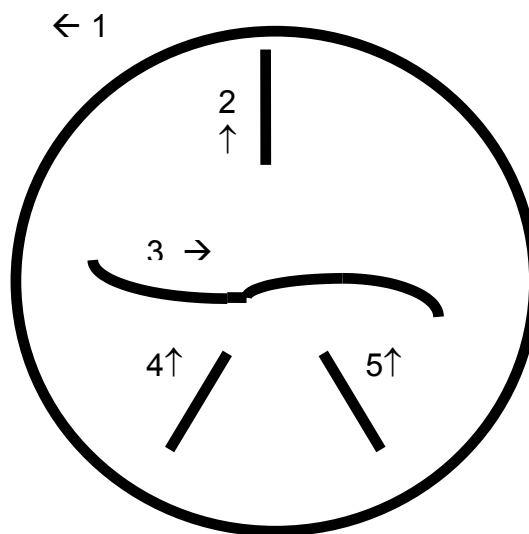

TO GROUND

Draw GROUNDING version over the feet to bring client back at the end of a healing session.

Can be used to ground unwanted energies that may be released during a session.

TO LINK WITH SPSIRIT

Draw LINK TO SPIRIT over the crown at the beginning of a session.

Use in combination with the Merge Consciousness symbol to connect at the telepathic level.

Can be used in meditation.

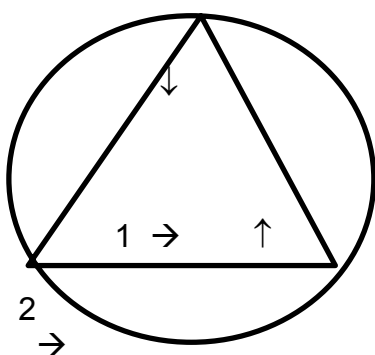

Draw the anti-clockwise circle to the power of 3, 7 or 9, then draw the lines inside the circle.

TRINITY

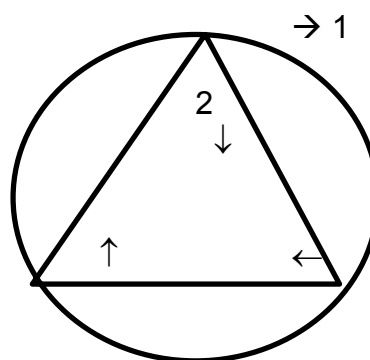

This symbol has two uses.

To release blockages of energy in the body draw the symbol with the left hand. Start by drawing the triangle from the bottom left hand corner then draw the circle in an anti-clockwise direction to the value of 3,7 or 9.

The second version is used to put energy in or to aid in creation. Draw the circle clockwise to the value of 3, 7 or 9 then draw the triangle.

**To Release or Clear
Energy In**

To Create or send

PENTACLE or STAR

This symbol is used in two different ways as is Trinity. One is used to clear past issues from our lives. Great for clearing toxins from the body.

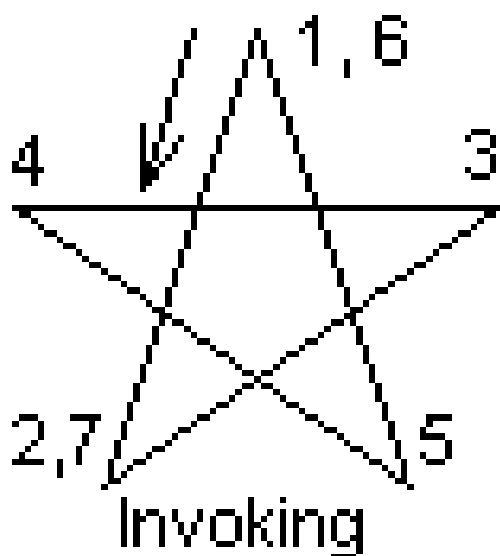

The second is used for Creating abundance in our lives or bringing something into creation.

The first two examples below depict how the Pentacle is draw in the Seichim system. The second examples show the Pagan versions. Note that both systems are drawn the opposite for clearing or creating. You MUST test this symbol for yourselves as some of you may resonate more to the pagan version.

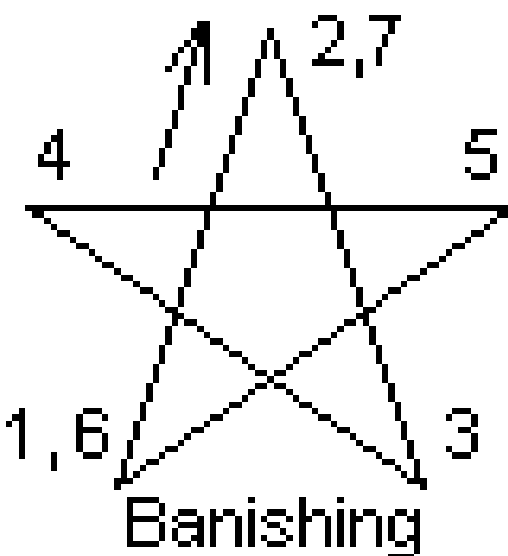

INVOKING

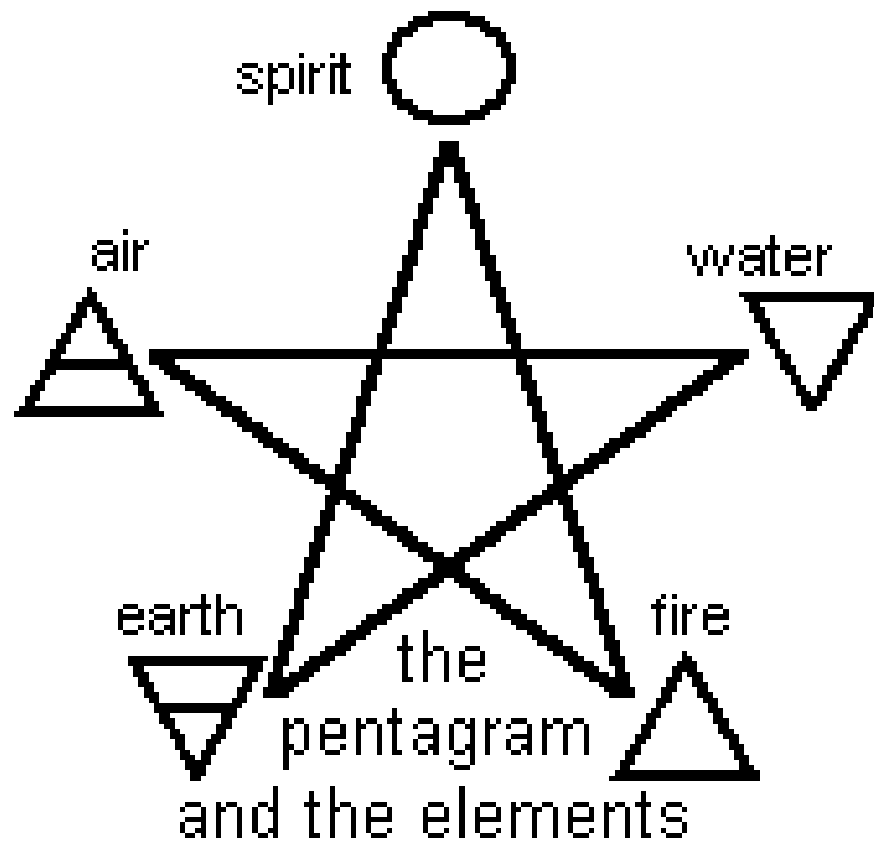

BANISHING

Invoking

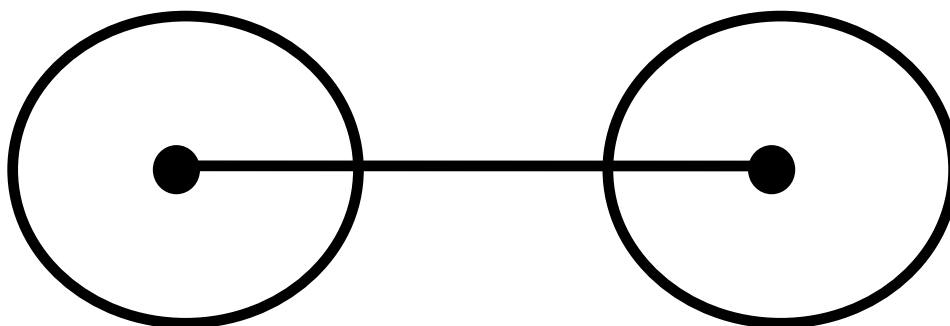

Banishing

TO MERGE CONSCIOUSNESS

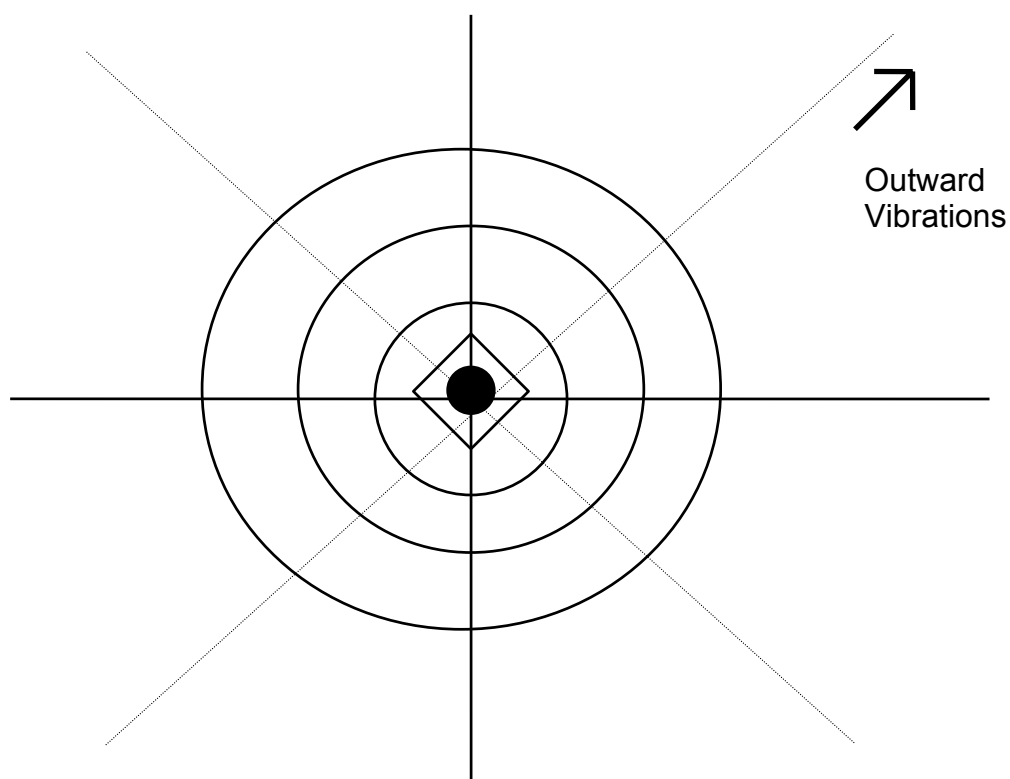

This symbol can be used to merge your consciousness with that of another person, animal, tree or planet. Always ask permission telepathically, it will almost always be granted.

Merging your consciousness with others allows you to have a truer perspective of their reality. Merging with a tree or animal can be very enlightening.

To use this symbol, stand holding the feet of your client. Firstly draw a circle clockwise over your third-eye, then draw a circle anti-clockwise over your clients third eye, then draw a line from the centre of the circle on your client to the centre of the circle on yourself, thus making the connection.

SHINGING EVERLASTING WATERS
OF RA

Vibrations move in an outward direction from the centre.

Purification

Protection

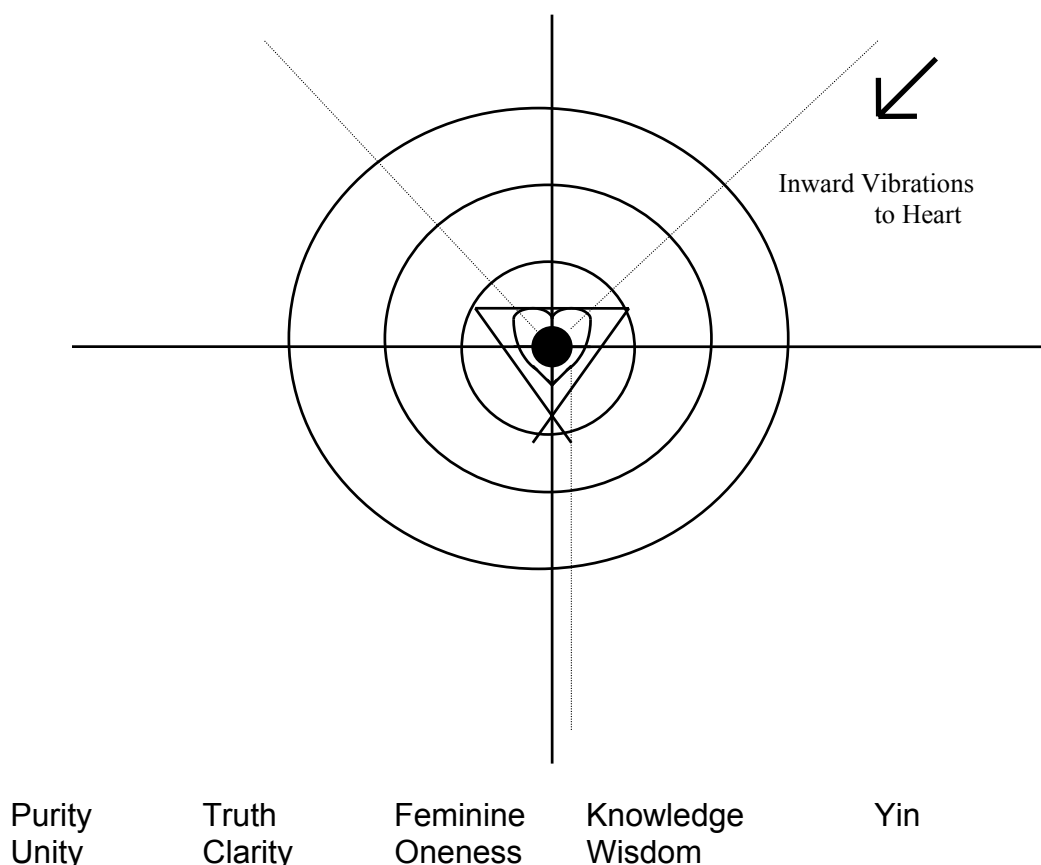

Synergy

Masculine

Yang

Balances the mind and mental processes.
Balances masculine energies.

ETERNAL PEARL OF WISDOM AND LOVE

Eternal purity of the soul

Gateway to Destiny

Balances the Heart and Feminine energies

In these two symbols the circles move
in and out and
up and down the body

POWER SANDWICH

A power sandwich is a mixture of symbols and you may experiment to discover the most powerful way to combine the symbols in your healing work.

Notice how your client reacts when you begin using symbols. Watch closely and observe:

their breathing, eyes and body language.

Intuitively listen to your hands. Allow yourself to tune in and be fully present to the person you are working with.

In the sandwich the symbols are drawn or visualised and chanted in multiples of three.

A straight power bracket of three would be:

(CHO KU REI	CHO KU REI	CHO KU REI)
or		
(TA KU REI	TA KU REI	TA KU REI)
or		
(MAI YUR MA	MAI YUR MA	MAI YUR MA)

They can be any combination of multiple ie 3,7,9 or 3,3,3 or 7,7,9 or 9,3,7 etc

Variable or free form power bracket would look like this:

(CHO KU REI	MAI YUR MA	TA KU REI
TA KU REI	CHO KU REI	MAI YUR MA
MAI YUR MA	TA KU REI	CHO KU REI)

ie 3 symbols in free form brackets of 3.

Repeat sandwich's using any symbol or combination as long as you have repeated each symbol three times by the end of the bracket.

COSMIC HEALING BANK

Healing across time and space

The Cosmic Healing Bank is a unique concept of a place where healings and blessings can be stored.

If someone requests energy in the form of a healing to be sent to them some times in the future, this healing may be deposited in the Cosmic Healing Bank and called upon at any time.

The healer can place the healing in the Bank stating the precise time and day that it is to be activated, at which time the recipient simply requests it from the Bank.

Refer to Absentee Healing Technique and simply request that some or all of the healing is placed in the Bank for and in the name of the recipient with the time and date to be received.

You can also program the Bank to send the healing energy at the time the recipient is falling asleep at night.
